DISCIPLINE DOWN ... ACADEMICS UP

Daniel Boone Elementary is located in the heart of Warrenton, Missouri. The Daniel Boone school community has been implementing School-Wide Positive Behavior Supports since 2006. In that time, they have seen dramatic drops in referrals—starting at 185 referrals in 2006 to 69 in 2009. At the same time, they have experienced marked improvement on their reading assessment—with gains from 49% advanced or proficient in 2006 to 71% advanced or proficient in 2009. You too can expect academic and behavioral improvement through implementation of SW-PBS!

“School-Wide PBS has strengthened our educational core. We have become a cohesive group focused on students social and academic achievements!”

-Emily Turner
Assistant Principal
Daniel Boone Elementary
